

# Drills Masonry SDS Plus – 2 Cut

**suttontools**

Professional quality, 30% faster than conventional SDS drills.  
For concrete, brick, aerated concrete, stone & granite.

Check out the demo

**2cut**

**Patented Destructor Carbide Tip**  
Aggressive Z-shape self centring point with wavy cutting edges for superior destruction capacity

## Application

DIY  
Trade  
Professional  
Electrical  
Plumbing  
Carpentry  
Plastering  
Masonry

## SDS Plus Shank

Suits ALL SDS Plus rotary hammer drills

## Sand-blasted Finish

Environmentally friendly production method with zero heavy metals

## Combination Spiral Flute

Half-round spiral accelerates dust extraction away from tip  
Square spiral combines compression channel with a depression chamber for perfectly controlled dust removal

Discount Group: A0608

The PGM standard (PGM stands for "Prüfgemeinschaft Mauerbohrer" – drill bit testing) is the only guarantee of a perfect geometry for the precise drilling and preferred setting of your anchor studs. It is recommended to use only drill bits with this marking for anchor fixings to prevent accidents and liability cases.
