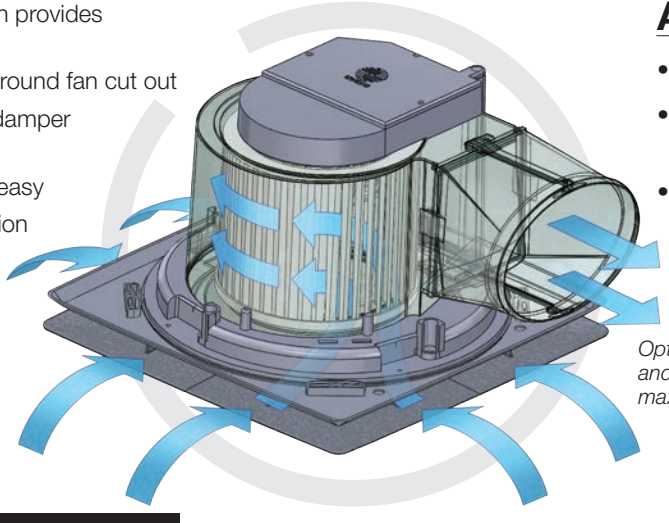
Response
Header Box

Modern · Powerful · IPX4

The stylish Response header box exhaust fan is the quietest and most powerful in its class. It includes features such as a unique swing clip and removable spigot that makes it very easy to install. Its elegant and contemporary looking design will fit in with any modern toilet, bathroom or ensuite.

Features

- Advanced impeller and housing design provides powerful air flow and minimises noise
- Can be retrofitted into a standard 10” round fan cut out
- Low resistance non-return backdraft damper maximises air flow performance
- Easy to remove grille makes cleaning easy
- Fitted plug and lead simplifies installation
- Grille can be easily rotated to align with walls
- High strength swing clips make installation easy
- Available with a modern square or round grille



Optimised inlet cone and impeller blade design maximises air pressure.
