

LED Slimline Batten

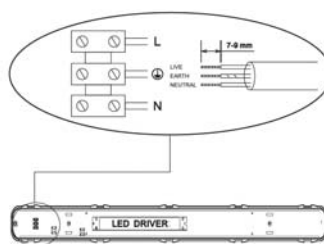

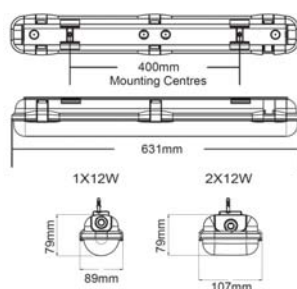

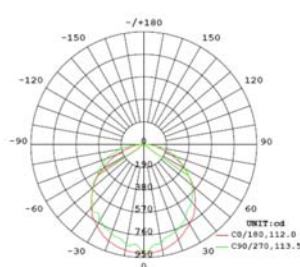

LED WEATHERPROOF - 1x24W

Item No.
ALXLEDWP124SL

FEATURES

Suitable for wall mounting:	Yes
Suitable for ceiling mounting:	Yes
Suitable for surface mounting:	Yes
Lamp type:	LED not exchangeable
Lamp wattage:	24 W
Control unit included:	Yes
Type of dimming:	Not dimmable
Nominal voltage:	230 ... 240 V
Colour temperature:	4000 K
Material housing:	Plastic
Colour housing:	Grey
Material cover:	Plastic structured
Radiation angle:	Extreme wide beam >80°
Length:	1231 mm
Width:	89 mm
Height/depth:	79 mm
Degree of protection (IP):	IP65
Ambient temperature:	-30 ... 40 °C
Effective luminous flux:	2734 lm
Power factor:	0.96
Average nominal lifespan:	50000 h
Luminous efficacy:	112 lm/W

PRODUCT FEATURES:

- ENERGY EFFICIENT ALTERNATIVE TO:
1X28W T5 & 1X36W T8 WEATHERPROOF
FITTINGS

- Instant start
- Low start up current
- Kit includes LED constant current driver
