

SANDERS & POLISHERS

M12™ MULTI-TOOL

C12MT-202B (KIT) / C12MT-0 (TOOL ONLY)

FEATURES

- Variable speed dial allows quick completion of professional applications into materials such as metal, wood and plastic.
- Rotate accessory 360° to suit all applications.
- Versatile cordless solution for cutting and removal applications.
- Accessory adapter suits most brands of blades and accessories available.

M18™ MULTI-TOOL

M18BMT-0 (TOOL ONLY)

FEATURES

- Tool-free blade change.
- Unique cutting depth stop adapter to prevent over-cutting in material.
- 12 variable speed settings allow quick completion of professional applications into materials such as metal, wood and plastic.
- Bright LED light for workspace illumination.

M18™ 82MM PLANER

M18BP-0 (TOOL ONLY)

FEATURES

- Depth adjustment dial: 0–2mm cut capacity in a single pass, with 20 locking positions (0.1mm increments).
- Chip ejection switch allows users to select left or right chip.
- Spring-loaded kickback prevents blade from marring finished surfaces.
- Bevel/edge guide allows users to make straight, rabbet & bevel cuts up to a 45° angle.
